

PG&E TY2023 RAMP Workshop #1

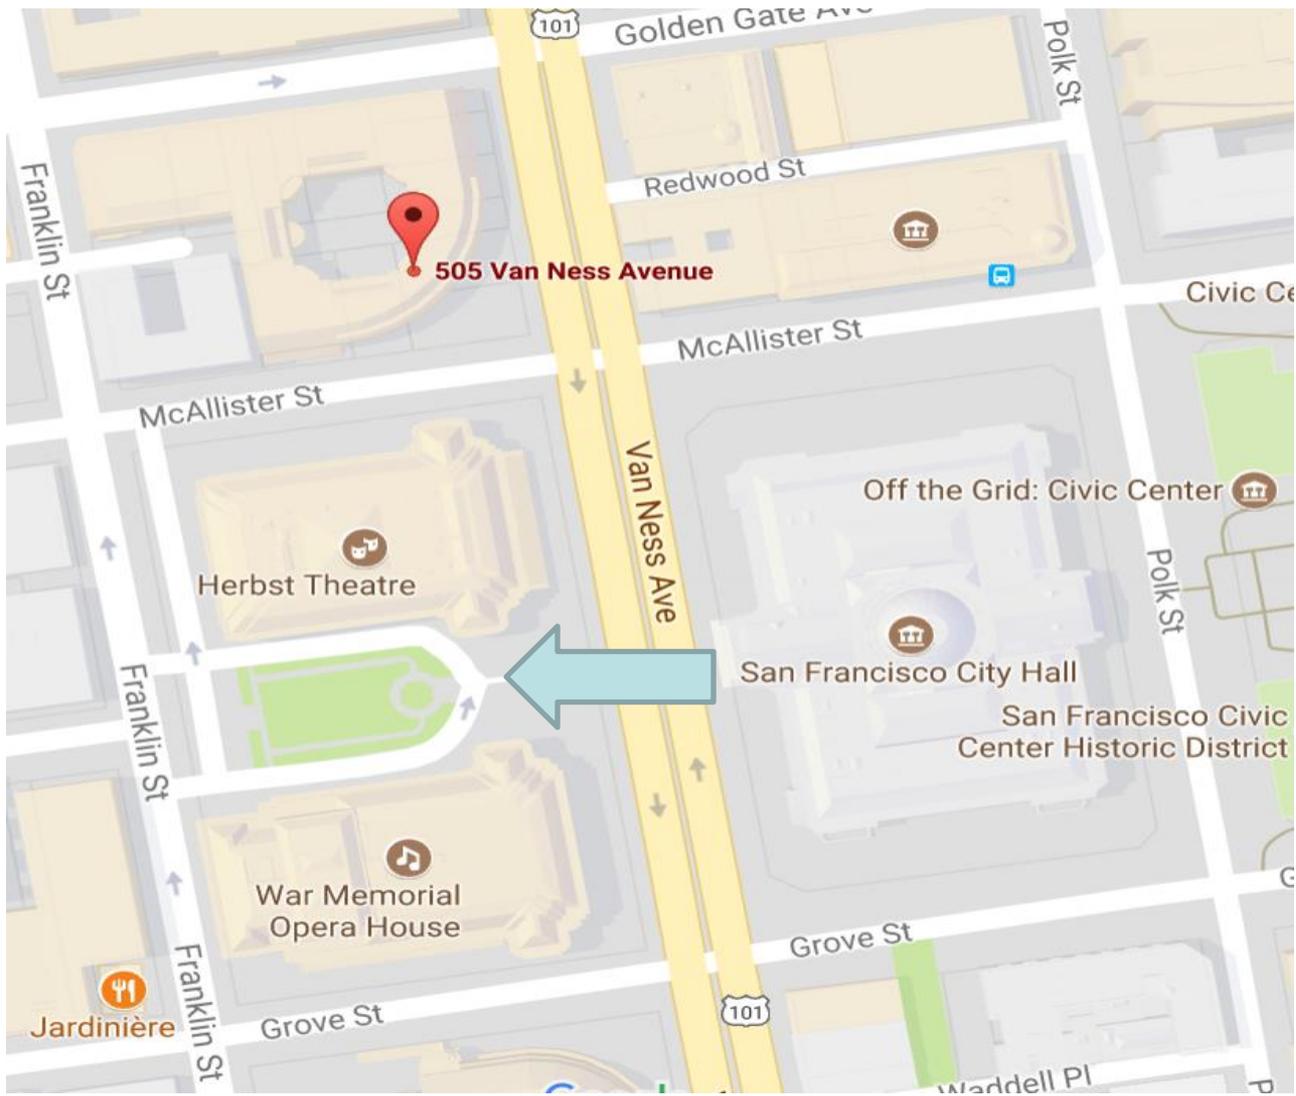

Steven Haine, P.E.
Senior Utilities Engineer
Safety & Enforcement Division
Utility Risk Assessment Branch/Safety Advisory Section

Safety and Emergency Information

- In the event of an emergency, please proceed calmly out the exits.
- The Evacuation Location is the courtyard between the War Memorial Building and the Herbst Theater, located across from City Hall.
- Please exit the building at Van Ness entrance, cross McAllister and convene at courtyard area until all clear is given.

Background

- In first Safety Model Assessment Proceeding (S-MAP) A.15-05-002 et al, parties reached settlement on basic requirements on how to identify and evaluate key risks and perform mitigation analysis for use in RAMP and GRC.
- S-MAP decision D.19-04-020 adopted Settlement Agreement.
- PG&E will file next RAMP (TY2023) in June/2020.
- PG&E's TY2023 RAMP will be affected by S-MAP Settlement Agreement.

Purpose of this Workshop

The purpose of this first workshop is two-fold:

1. To review feedback from PG&E's prior (TY2020) RAMP.
2. To review PG&E's implementation of S-MAP Settlement Agreement in connection with upcoming (TY2023) RAMP.

Agenda

#	Agenda Item	Start Time	Time Allotted
